[April 17th Meeting Prep and Priority Messages NOAA-EPA.doc](#)

Allison, like your additions to the agenda. I also made a few additional tweaks. Here's the revised final agenda for tomorrow.

Look forward to the conversation

Subject: Re: draft agenda? need before 1:45pm PT

Hi Christine--

This looks good. A few suggestions and word tweaks to make sure we're using correct CZARA nomenclature management measures vs. additional management measure (forestry only) vs. conditions, etc. (see attached). Should we also try to establish an agenda for the May 1st meeting? Perhaps something along the lines of:

1. Intros (10 min)
2. EPA/NOAA review meeting purpose (run through priority messages) (5 min)

3. Potential Settlement Agreement Options/Consequences of CZARA Disapproval (5 min)

- if choose to renegotiate, emphasize need to have solid commitment from state that they can successfully address remaining conditions in not-so-distant future (still unsure exactly what the time horizon threshold for NWEA would be but guessing it will likely be 2-3 yrs??)
- renegotiating will also open door for NWEA to add additional issues (e.g., ag)

4. Discussion: What Oregon needs to do to develop a fully approved CZARA program. How can we work together to address? (40 min)

- Go over "bottom lines" info.

Subject: draft agenda? need before 1:45pm PT

Hi Christine--

Just wanted to check in on the draft agenda and priority messages you are developing. I'm happy to provide feedback but will need to leave ~5:00pm ET tonight (2:00 pm PT) due to prior commitments so hopefully you'll be able to share a draft with me before then. I know time zones makes coordinating more difficult.

Thanks,

Allison
